Serial No 13

Bangalore 19th September 1878 —

Sir,

In reply to your No. 3693-549 of the 13th ultimo, I have the honour to report for the information of the Chief Commissioner that I do not think that the average of 1 Ranger per annum is likely to be exceeded —

2- Just now, there are the following vacancies, in Coorg, one; owing to the dismissal of M Alchamuth; and in Mysore, one, in the Nagar Division, owing to the death of a Ranger there I find it most difficult to fill up these vacancies, as I have no trained men to fall back upon The students in the Engineering College will not have completed their course till the end of 1879 I believe By that time, there will probably be a vacancy in the Forest Department among the Rangers, with a pay of Rupees 50 I should be glad to take a trained man, and if more vacancies, should

I should escort would be glad to fill them all with trained men ——
